- A. Cader -

Your time is precious...

That's why we take the hassle out of  
financing your dream home.

---

## OUR PARTNERS

## FREQUENTLY ASKED QUESTIONS

### Q. Which bank will give me the best bond?

A. All our banking partners have great home loan products. We provide you with an efficient way to compare their products and get you the best home loan deal.

### Q. What costs do I need to be aware of?

A. Typically, in a new residential development, buyers would not be liable for the transfer duties and transfer costs; but there is a property registration cost to register the property in the buyer's name (approximately R25000). However, when using MortgageMarket.co.za you will not be liable for this cost, as it has been included in the overall property price.

### Q. What costs are in my monthly repayment?

A. Your monthly repayment will include a portion of what you owe the bank, and some of the interest that you owe the bank. Keep in mind that you will also need to make a monthly payment towards your life insurance policy, which the bank will require you to have.

### Q. What should I look at when comparing home loans?

A. There are three main points to look at when comparing home loan offers, namely:

- *Interest rate*: The lower the interest rate, the lower your repayment
- *LTV (loan to value)*: The higher the LTV, the less deposit will be required, if any
- *Loan term*: The number of years required to pay back the home loan.  
Example: If your loan term is over a shorter duration, then less interest is payable, but higher monthly instalments will be required. If a longer repayment period is selected, the more interest is payable, but your home loan instalments will be lower.
